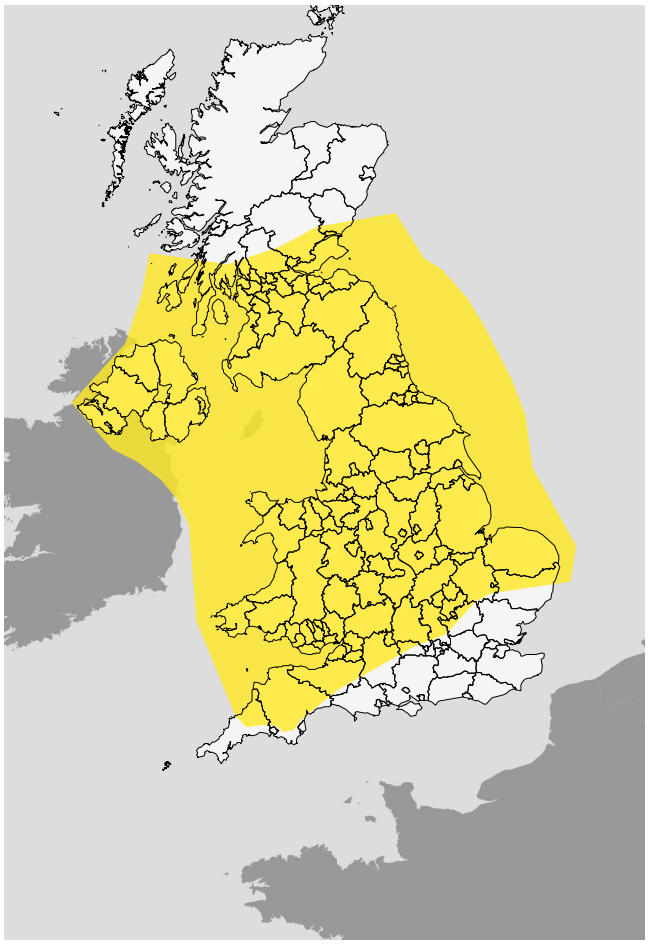
Yellow warning
Ice

Between
22:00 Wed 16 Jan 2019 and
11:00 Thu 17 Jan 2019



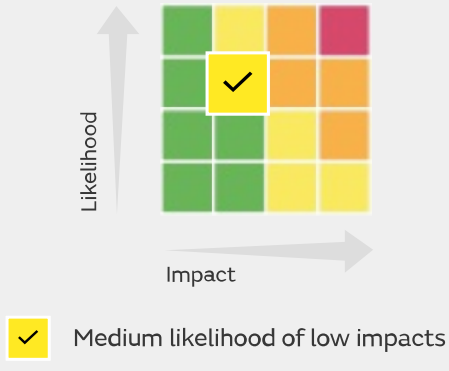
Icy patches developing with wintry showers also affecting some areas.

What to expect

- Some injuries from slips and falls on icy surfaces
- Probably some ice on some untreated roads, pavements and cycle paths

Further details

Icy patches are expected to develop later Wednesday evening or overnight over southern Scotland and Northern Ireland and during the early hours of Thursday over England and and Wales. There will also be some wintry showers about, mainly over hills and mountains, but also to some lower levels at times, most likely in parts of Scotland and northern, eastern and central England. With the exception of high ground, most places will not see any snow settling.



✓ Medium likelihood of low impacts

Issued at 09:42 Wed 16 Jan, 2019
